The ABC 2 guidelines will be developed by ESO and ESMO

The ABC2 conference and guidelines are endorsed by

Dear Colleagues,

The 1st International Consensus Conference for Advanced Breast Cancer (ABC1), which took place in Lisbon, Portugal in November 2011, brought together 800 participants from 64 countries worldwide to develop a set of consensus guidelines for the management of advanced breast cancer (ABC). Participants – including health professionals, patient advocates and journalists – agreed to a series of guidelines, which are based on the most up-to-date evidence and can be used to guide treatment decision making in diverse health care settings globally.

ABC Consensus Conferences have the ambitious goal of improving outcomes for all patients with advanced breast cancer. We believe that, backed by strong political advocacy, ABC guidelines will raise standards of care, improve awareness about how best to meet the needs of this underserved group of patients, and help identify research priorities so that clinical research is focused on the most important areas of unmet need.

The guidelines developed at ABC1 have been welcomed by a broad spectrum of professional and patient organizations active in breast cancer setting. Discussions are on-going with a number of international oncology societies regarding the endorsement of the guidelines that will greatly increase their impact globally.

Furthermore, we are pleased to announce that the ABC2 guidelines will be developed in co-operation with ESMO and will be endorsed by EUSOMA, FLAM and SIS.

The encouragement and positive feedback we have received from individual patients and professionals has emphasised the importance of this initiative and reinforced our belief that this effort is worth pursuing in the long term.

It is therefore with great enthusiasm that we invite you to attend the Advanced Breast Cancer Second International Consensus Conference (ABC2) that will take place in Lisbon, Portugal, on 7-9 November 2013.

ABC2 will have a specific additional program for breast cancer advocates coordinated by some of the major breast cancer advocacy groups worldwide.

By working together we can change the dismal survival figures associated with ABC and improve the quality of life of all patients living with ABC worldwide.

Please note that capturing contents of the sessions is prohibited.

CME accreditation and certificates

Participants will be entitled to receive a certificate of attendance from Friday, 8 November, by completing the online evaluation questionnaire.

Application for CME recognition will be submitted to the European Society for Medical Oncology (ESMO) for ESMO-MORA accreditation, to the

European Society for Medical Oncology

Accreditation Council of Oncology in Europe (ACOE) and to the European Accreditation Council for Continuing Medical Education (EACCME), an institution of the European Union of Medical Specialists (UEMS).

EACCME credits are recognised by the American Medical Association towards the Physician's Recognition Award (PRA). Information on the status of the applications can be obtained from the organising secretariat.

ABC Award

ESO is pleased to announce that, in recognition of his work on discovering fundamental, clinically-relevant biological and molecular mechanisms for metastases including site specificity, latency, self-seeding and the role of the microenvironment in colonization and

drug resistance, the first ABC Award has been assigned to **Joan Massagué**. The Award Ceremony and Lecture are scheduled on Thursday, 7 November 2013.

Breast cancer patient advocacy programme

Representatives of breast cancer patient advocacy groups are warmly invited to participate in ABC2 and actively contribute to the scientific programme and consensus sessions.

Furthermore, in collaboration with several leading breast cancer patient advocacy groups worldwide, specific additional Meet the Expert sessions have been scheduled.

ABC Consensus guidelines

The consensus guidelines for the management of advanced breast cancer that were developed at ABC1 (November 2011) are published in **The Breast** 21 (2012) 242-252.

The ABC1 guidelines are endorsed by SIS, the International Society of Senology (www.sisbreast.org).

The ABC2 guidelines will be

developed by ESO and ESMO and will be published simultaneously in *Annals of Oncology* and *The Breast*, and are endorsed by:

Abstract submission

Deadline for submission: 8 July 2013
Submit on-line at www.abc-lisbon.org

Participants are invited to submit abstracts on subjects related to advanced breast cancer, including basic, translational, clinical research, nursing and advocacy. Abstracts will be assessed for presentation at the Conference, either oral or poster, or for publication only in the ABC2 Abstract Book, supplement of **The Breast**. Best abstracts will be selected for oral presentation within the programme with a 10-minute slide presentation followed by a 5-minute discussion slot. The best abstract session is scheduled on Thursday, 7 November and the poster presentations session is scheduled on Friday, 8 November.

Categories:

- Advanced breast cancer - Basic and translational research
- Advanced breast cancer - Nursing and advocacy
- Advanced breast cancer - Clinical issues: Surgical oncology
- Advanced breast cancer - Clinical issues: Radiation oncology
- Advanced breast cancer - Clinical issues: Medical oncology
- Advanced breast cancer - Clinical issues: Supportive and palliative care
- Advanced breast cancer - Clinical issues: Else

Instructions:

- The number of words is limited: 50 words for the title (lower case letters) and 450 words for the body of the abstract.
- Names of research groups should appear in the title, not in the authors' list.
- Tables and images are not accepted.
- List the authors' affiliations. The same affiliation should be entered only once.
- The first author will be the corresponding author and the presenter at the Conference.
- The full address with e-mail address, phone and fax numbers of the first author (= corresponding author and presenter) must be provided. The first author will receive an acknowledgement of receipt and all subsequent communication by e-mail.
- For abstracts accepted for presentation (oral or poster), the first author will be the presenting author and will be requested to register and participate in the Conference.
- It is the responsibility of the first author to ascertain whether all authors are aware of the content of the abstract before submission is made.

The acknowledgement of receipt of the abstract will immediately follow the submission. The outcome will be notified by 9 August to the first author who will be required to register to the conference (early registration deadline: 19 August).

Registration

Register on-line at www.abc-lisbon.org

Registration grants participation in all sessions, a copy of the Programme and of the Abstract Book, coffee breaks, lunches and welcome cocktail as indicated in the programme.

Nurses and representatives of cancer patient advocacy non-profit organisations are eligible for a discounted registration fee:

EUR 200 by 19 August

EUR 250 by 21 October

EUR 350 after 21 October and on-site

To register to the Conference please e-mail the following documents to lrichetti@eso.net within the deadline:

- Nurses: please provide your curriculum vitae with full contact details
- Patient advocates: please provide your curriculum vitae or resume indicating your advocacy experience, role within the organisation and the full contact details of the patient advocate organisation.

Media Registration

The congress is open to representatives of print and electronic media. Registration is free of charge to journalists who are in possession of a valid, recognised press card. Freelance journalists must present a commissioning letter on headed paper from a recognised news organisation or publication. Representatives of advertising, marketing and public relations companies are not eligible for free media registration. A copy of the Press Card or of the commissioning letter should be sent, together with the media registration form, to lrichetti@eso.net.

Group registration

The online group registration may be processed for groups of 5 or more individuals and will be available at www.abc-lisbon.org from April 2013.

The following policy applies to the registration of groups.

- Group registrations can be processed on-line only and when the number of individuals is 5 or more.
- The registration fees are the same as those applied to individual registrations.
- To process a registration, the participant's full mailing address and e-mail address has to be provided within the established deadline.
- Registration of participants with the same address, e-mail address, or with the address of the group leader will not be accepted.
- The fee related to a cancellation will not be refunded.
- The group leader will have to indicate if the on-site materials will be collected by the individual participant, or by the group leader, or by a representative delegated for such task. The group leader will have to provide the contact details of the person who will collect the material onsite and such details will be communicated to the participants on the confirmation of registration. Please note that on-site materials (badge, delegates bag, etc.) once collected may not be re-issued.
- Till 31 October 2013, when the e-mail confirmation of registration will be sent by ESO to the participants, all correspondence will be held with the group leader only.
- Registration in the individual registration or in the group registration procedures grant participation in all sessions, a copy of the Programme and of the Abstract Book, coffee breaks, lunches and welcome cocktail as indicated in the programme.
- As for individually registered participants, the badge is the only official evidence of registration and should be worn at all times during the event. Loss of badge causes loss of registration.

Half-day tour to Lisbon

**Wednesday, 6 November,
14:00-18:00 hours
Rate: EUR 39 per person**

Visit this remarkable City, with its near 2.500 years of history, and its downtown and historical districts. Highlights of this tour include the 12th century fortress of St. George's, located on top of one of Lisbon's seven hills, and overlooking the whole downtown and river Tagus and the former Moorish quarter of Alfama, where still exist buildings that have survived the 1755 big earthquake.

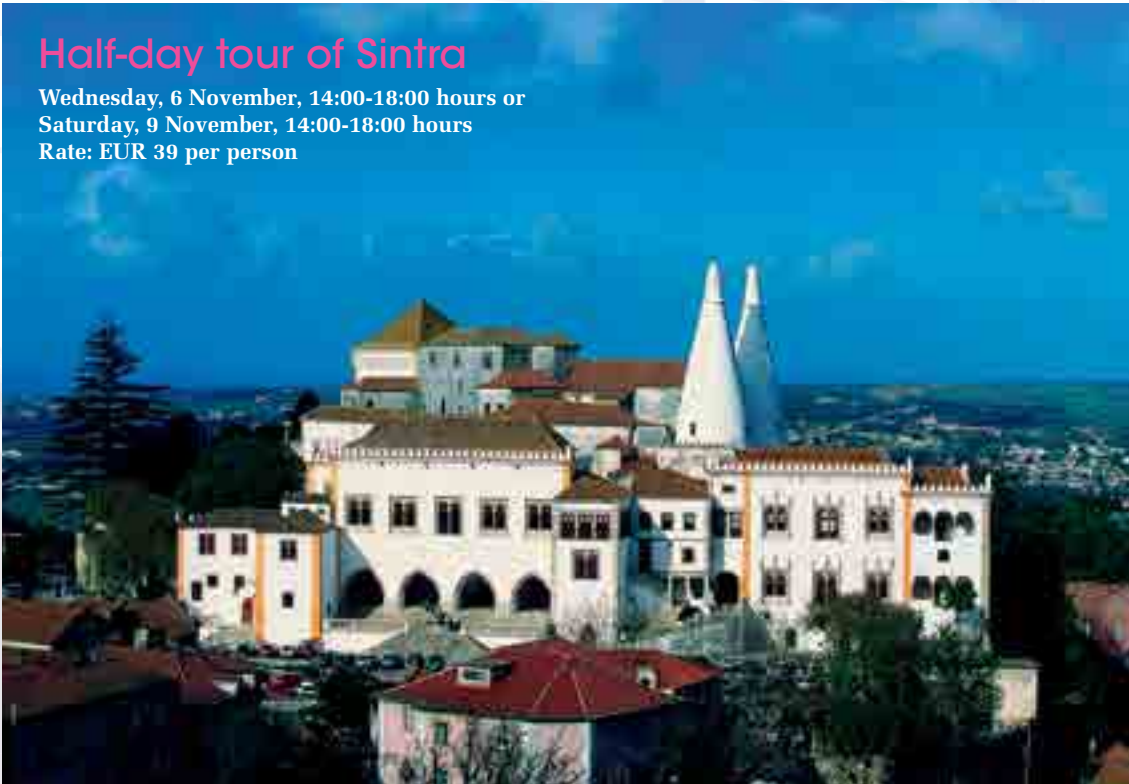

Then, west of Lisbon, visit the historical Belém, home of the shipyards where in the 15th century were built the Portuguese Caravelas (sailing boats) and from where expeditions departed to find the maritime routes to Africa, Asia and Brazil, in glorious sea adventures that have compared the Portuguese navigators with the American first astronauts.

In Belém, will visit the Jerónimos Monastery, a master piece of the manueline style, and stop by the famous landmarks: Belém Tower and the Monument to the Discoveries.

Entrance fee at St. George's Castle is included.

Half-day tour of Sintra

Wednesday, 6 November, 14:00-18:00 hours or
Saturday, 9 November, 14:00-18:00 hours
Rate: EUR 39 per person

Sintra, located NW of Lisbon, is a delightful small town, full of historical sites whose roots go back to the Arab occupation in the 12th century.

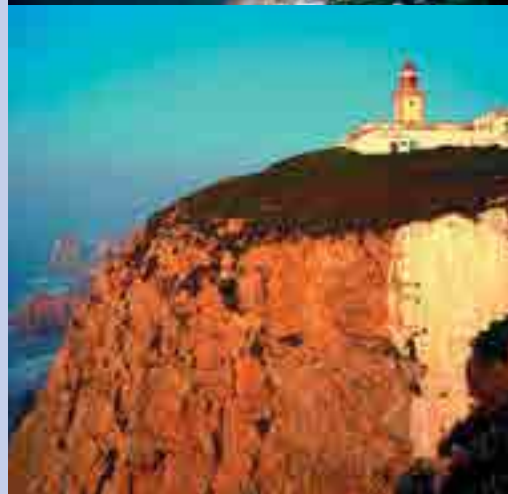

Later on, Sintra was a summer retreat for the Portuguese Royal families and Nobels, and due to its romantic setting, it was immortalized by the British poet Lord Byron, as the «Little Eden».

Our tour will visit its historical centre and the National Palace, built over a former Moorish palace. From this area, one can admire the many manor houses and see the medieval castle built up on top of the mountain.

Then the tour will continue around this beautiful mountain, reaching a totally different environment – the wild and beautiful coast line of Guincho, with its superb beach areas, cliffs and where, close by, is located Cape Roca, the westernmost point of continental Europe.

The tour will return to Lisbon, via Cascais, a cosmopolitan former fishing village, and the Estoril coast line.

Entrance fee at the Sintra National Palace is included.

Half day tour to Óbidos and Fátima

Saturday, 9 November,
14:00-18:00 hours
Rate: EUR 53 per person

The first stop will be one of Portugal's well kept secret – the Medieval walled town of Óbidos. Nestled inside a 12th century fortress, with its white washed well preserved houses, the town of Óbidos has kept its traditions, monuments and well kept cobblestone streets, allowing visitors a enjoyable walk through, and exploring not just the town and its walled fortification, but also its small churches, small shops and original bars.

The famous «Ginginha» served on a chocolate made cup is probably its best drink.

From Óbidos, we will proceed towards the famous Fátima pilgrimage site. Famous for its Roman Catholic Shrine and Basilica, Fátima is recognized by the Vatican as a site where the Virgin was seen by three shepherd children, on the 13th day of six consecutive months from May to October in 1917.
