

## **The IOV is seeking candidates for a career grant of the Guido Berlucchi Foundation**

The Veneto Institute of Oncology in North East Italy <http://ioveneto.it/> is a hosting institution for the 2017 Guido Berlucchi Foundation “Oncology Career Grant”.

These grants support outstanding young Principal Investigators (PI) wishing to establish their independent laboratory in a public or private non-profit Italian research institution.

The Career Grant is open to researchers:

- of any citizenship;
- below the age of forty;
- holding a PhD degree;
- with at least ten papers, including reviews, as first, last or corresponding author, in peer-reviewed international scientific journals;
- who have two years post-doctoral training in another Country than the one where the PhD was delivered;
- who have neither performed their studies or research activities in the Hosting institution in the previous two years from the candidature date.

### ***Duration and remuneration:***

The overall funding for the PI is of 320.000 Euros over five years

***Deadline for application submission: May 31<sup>st</sup> at 12.00 am***
