

International Symposium of Cancer Survivorship Care

November 11-12 2010

Invitation

The November 12th registration is free of charge
for participants from OECI Member Institutes

De Meervaart / Antoni van Leeuwenhoek Hospital, Amsterdam

On November 11th and 12th 2010 the Organisation of European Cancer Institutes (OECI) and the Association of Comprehensive Cancer Centers (VIKC) will organise the 'International Symposium of Cancer Survivorship Care' about trends and developments in cancer survivorship care and rehabilitation.

A symposium that cannot be missed by physiotherapists, social workers, oncology nurses, and medical specialists. Board members and researchers with interest in recent European developments on cancer survivorship care are especially invited to visit this symposium.

November 11 2010

VIKC Symposium 'Cancer Rehabilitation'

During the VIKC symposium the main topic of interest is the national guideline Cancer Rehabilitation, that will be published in December 2010. Two international keynote-speakers, prof. Patricia A. Ganz and dr. Melinda L. Irwin, will present their vision on cancer survivorship care and cancer rehabilitation. The afternoon session is organised for the Dutch health care professionals, policy makers and researchers and focuses on the peer review and implementation of the national guideline.

Language spoken: Dutch / English

Location De Meervaart, Amsterdam, the Netherlands

November 12 2010

OECI International Symposium 'Trends and Developments in Survivorship Care'

The OECI symposium on cancer survivorship care will be held for a European audience. We have two recognized keynote speakers on this topic: prof. Patricia A. Ganz and dr. Melinda L. Irwin. They will give a presentation on cancer survivorship care and the state of the art of physical rehabilitation in the US. In the afternoon different speakers from various European countries will present best practices in their country. With a panel discussion, chaired by prof. Neil Aaronson, the symposium will be closed. Language spoken: English

Location Antoni van Leeuwenhoek Hospital, Amsterdam, the Netherlands

Contact

For questions please contact:

VIKC symposium 'Cancer Rehabilitation': Sandra Janssen-van Dijk (janssen-vandijk@ikr.nl)

OECI International Symposium 'Trends and Developments in Survivorship Care': Jorrita Tuurenhout (oecisymposium@nki.nl).

On both days contributions of:

Patricia A. Ganz

American Cancer Society Clinical research Professor, UCLA Schools of Medicine and Public Health, Los Angeles, US. Leader of UCLA's Cancer Survivorship Center of Excellence, part of LIVESTRONG™ Survivorship Center of Excellence Network.

She performs research on cancer survivorship and late effects on cancer treatment, cancer in the elderly patients and quality of cancer care. Member of the Institute of Medicine, Committee Cancer Survivors, that published the reports 'From Cancer Patient to Cancer Survivor: Lost in Transition' and 'Cancer Care for the Whole Patient'.

Melinda L. Irwin

Associate Professor, Division of Chronic Disease Epidemiology Social and Behavioral Sciences, Yale School of Public Health, New Haven, US.

She is specialised in cancer epidemiology, exercise physiology, and clinical trials. Her research involves examining the effect of exercise and weight loss on cancer prognosis.
