**Dear colleagues**

The [ECCO 2019 European Cancer Summit](#) will take place on **12-14 September 2019 in Brussels, Belgium**, providing a focal point for resolution on the burning matters affecting access to high quality cancer care for patients across Europe. The theme of the second edition of the ECCO Summit is “**European Cancer Care: Across Borders**”.

*“ECCO 2019 European Cancer Summit will bring together key European stakeholders to determine how to best advance quality cancer care in Europe. Reaching the 70:35 Vision for cancer – 70% long term survival for all cancer patients across Europe by 2035 – requires breaking down the borders of cancer care: between countries, professions, sectors and stakeholders.” - Philip Poortmans, ECCO 2019 European Cancer Summit Chair*

View the video message [here](#).

The multidisciplinary and patient-centred [Programme](#) is focused on:

- Debating leading-edge ideas in achieving improvement in organisation of cancer care
- Determining consensus resolutions for improving health care systems
- Deciding on an action plan for the way forward to ensure ideas translate into policies that will impact daily clinical practice

*“The 2019 Summit will drive the policy debate forward. We will make decisions addressing cancer patient’s needs to ensure every patient receives the best quality cancer care. These decisions are only as good as the people who made them. You need to be there.” - Ian Banks, ECCO 2019 European Cancer Summit Chair*
