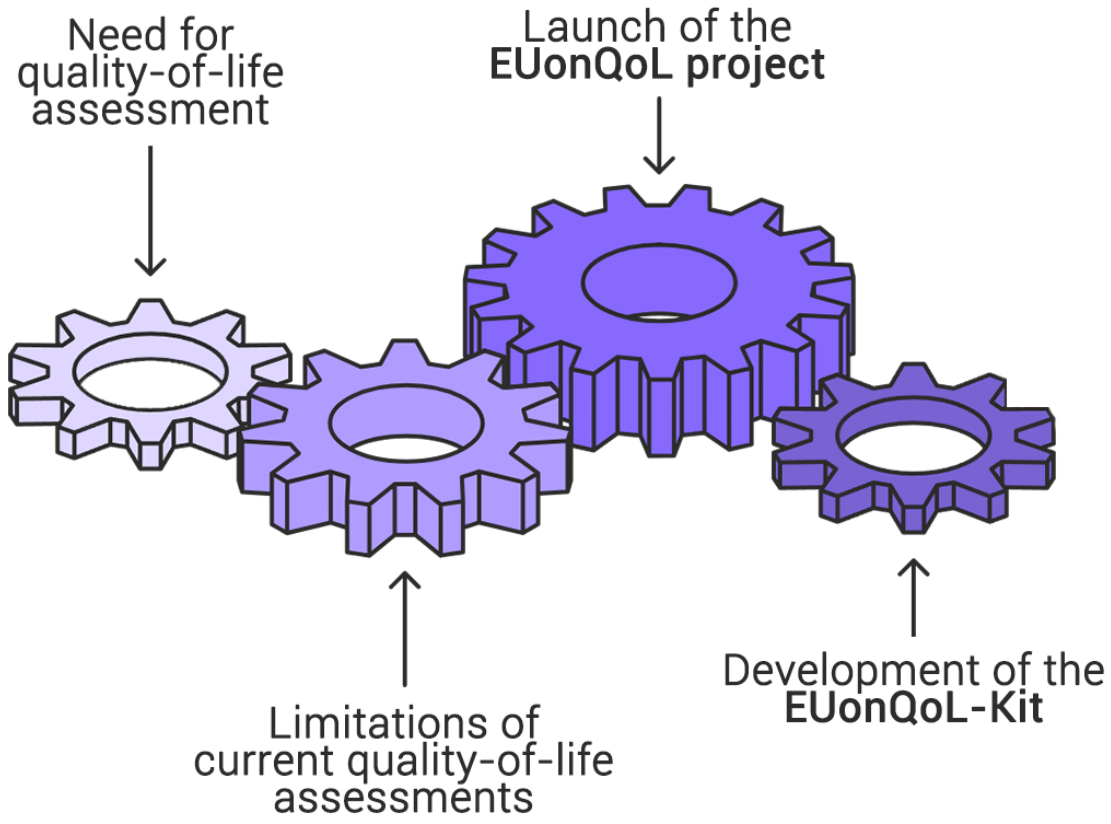
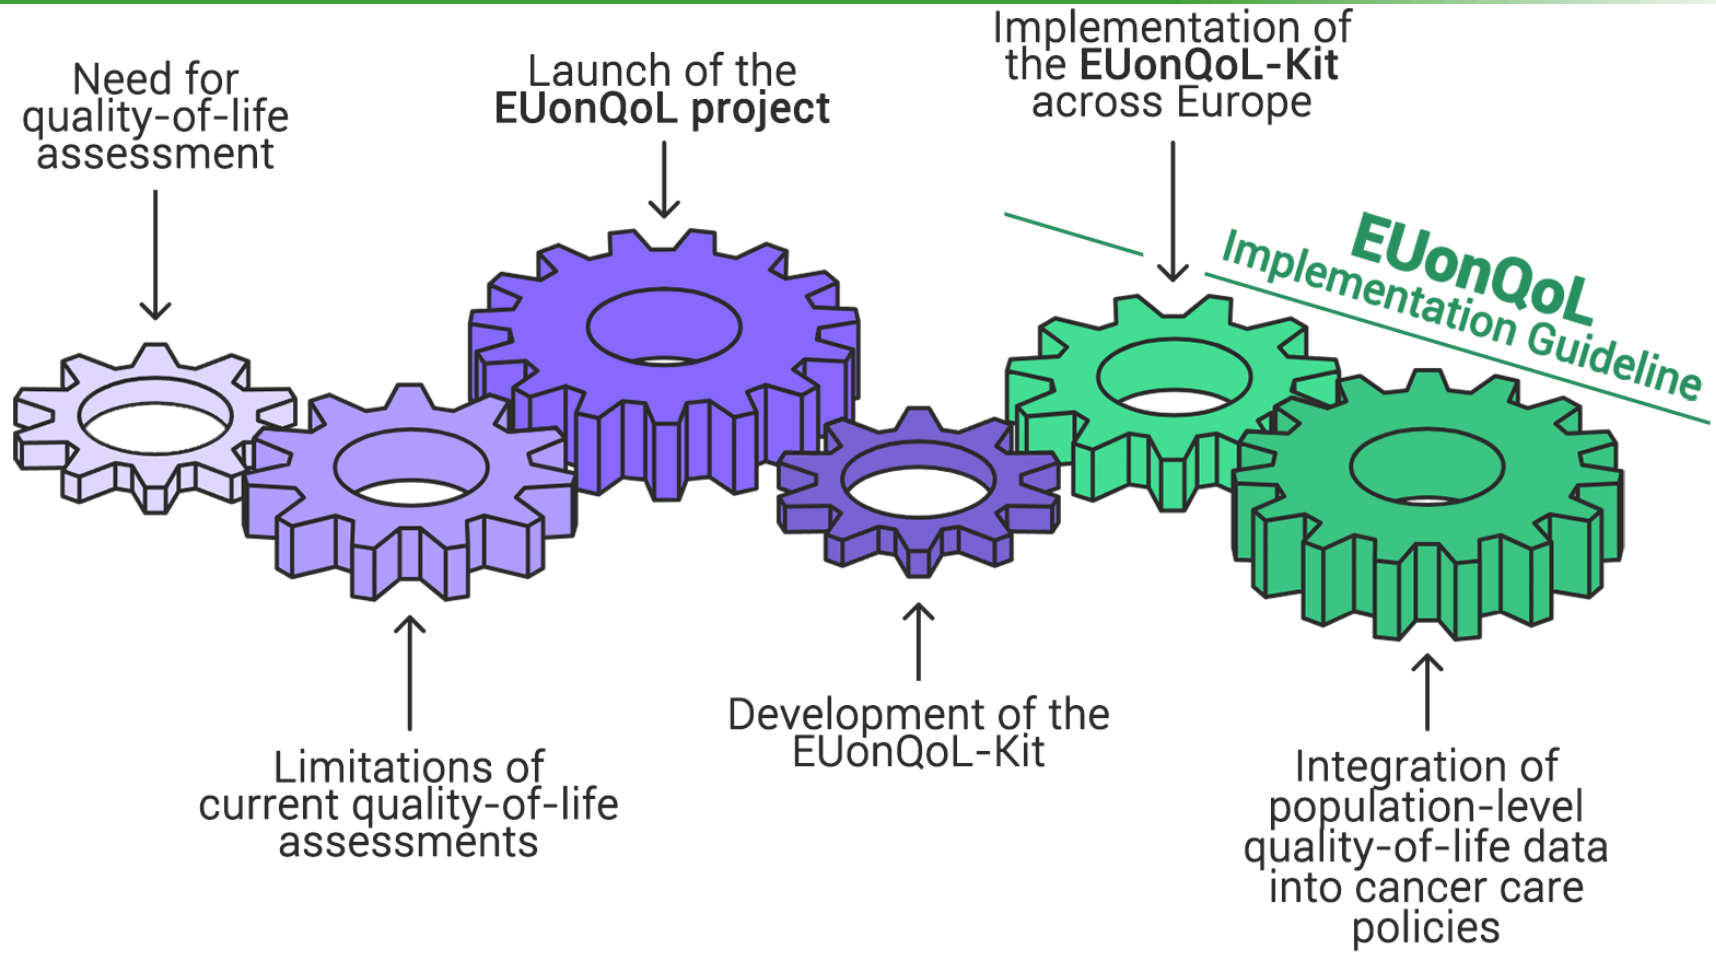
Need for quality-of-life assessment
Limitations of current quality-of-life assessments

CHALLENGE



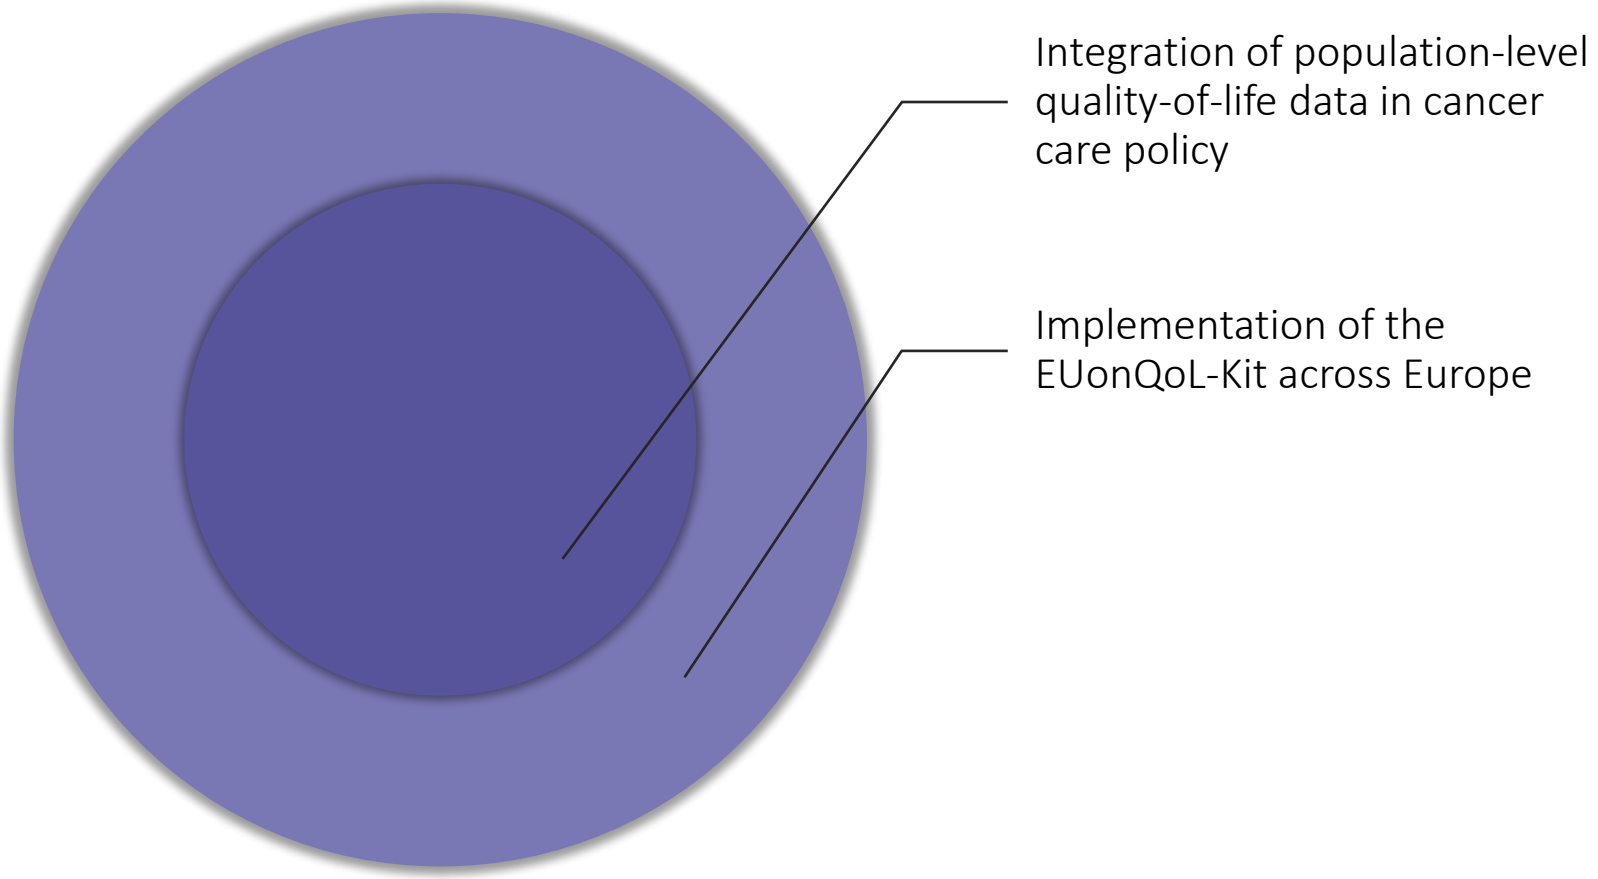
CHALLENGE

SOLUTION

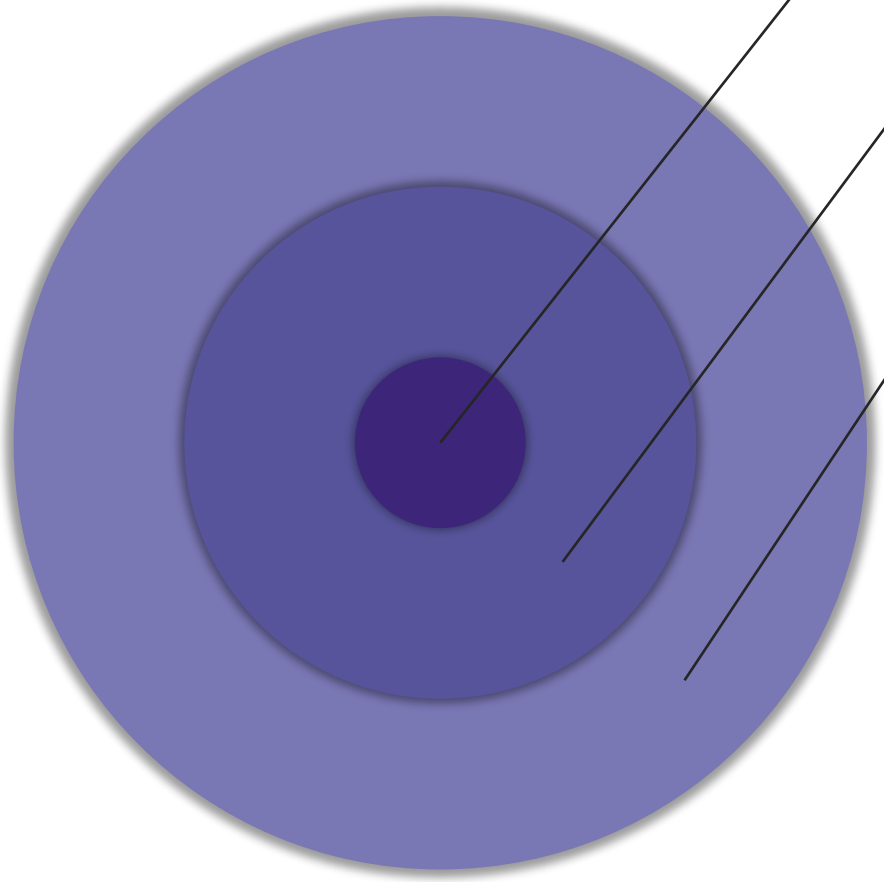


Need for quality-of-life assessment
Launch of the **EUonQoL project**
Implementation of the **EUonQoL-Kit** across Europe
EUonQoL Implementation Guideline
Limitations of current quality-of-life assessments
Development of the EUonQoL-Kit
Integration of population-level quality-of-life data into cancer care policies
CHALLENGE
SOLUTION
IMPLEMENTATION

The rationale behind the
EUonQoL Implementation Guideline



The rationale behind the
EUonQoL Implementation Guideline



Ensuring that people **live well** while also living longer

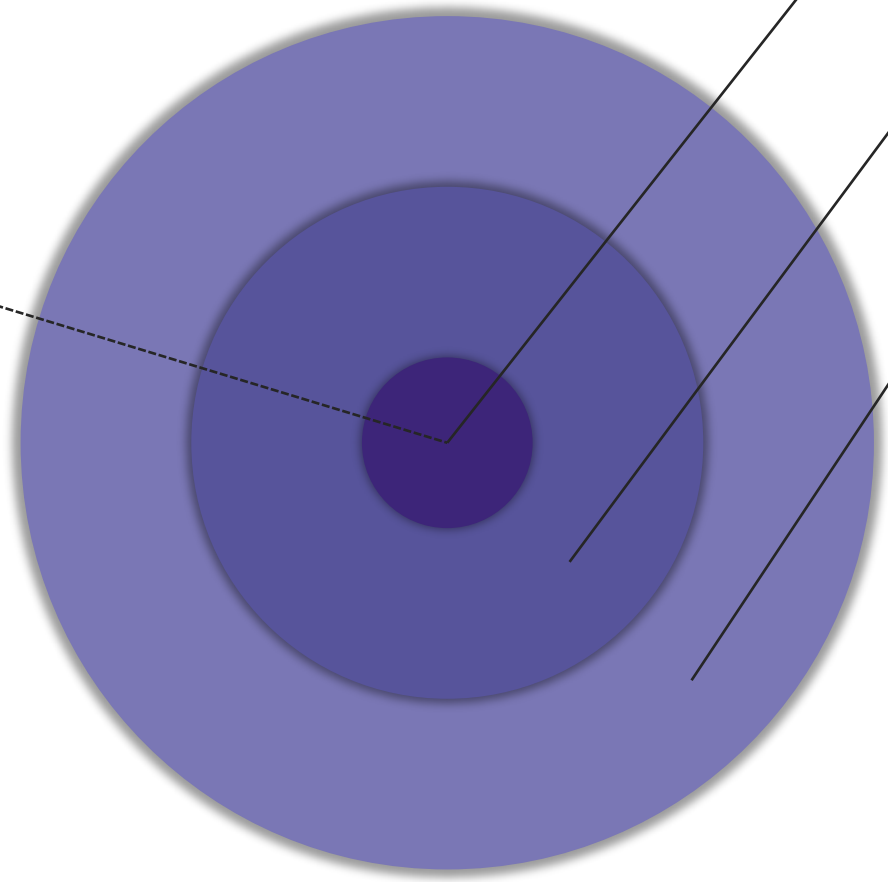
Integration of population-level quality-of-life data in cancer care policy

Implementation of the EUonQoL-Kit across Europe

The rationale behind the
EUonQoL Implementation Guideline

We should no longer focus on ***how long*** people live after diagnosis, but rather **how well and how long** they live.

Europe Beating Cancer Plan



Ensuring that people **live well** while also living longer

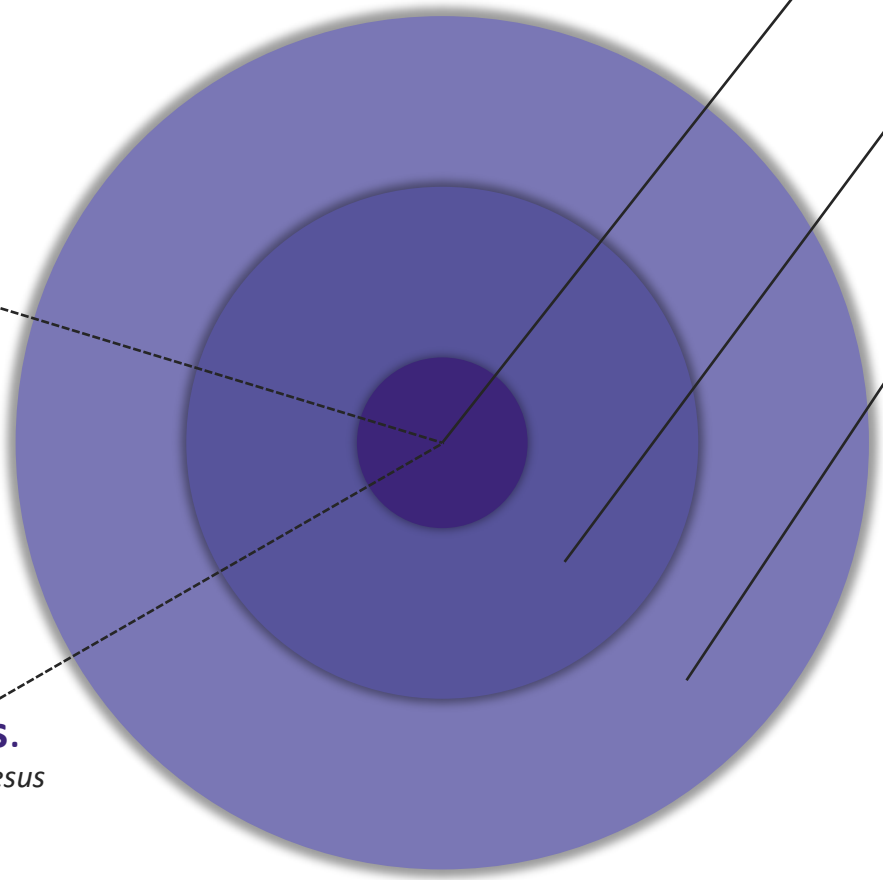
Integration of population-level quality-of-life data in cancer care policy

Implementation of the EUonQoL-Kit across Europe

The rationale behind the
EUonQoL Implementation Guideline

We should no longer focus on ***how long*** people live after diagnosis, but rather **how well and how long** they live.
Europe Beating Cancer Plan

In order **to make progress**, we **must** be able to **measure progress**.
WHO Director-General Dr Tedros Adhanom Ghebreyesus



Ensuring that people **live well** while also living longer

Integration of population-level quality-of-life data in cancer care policy

Implementation of the EUonQoL-Kit across Europe

The rationale behind the EUonQoL Implementation Guideline

We should no longer focus on ***how long*** people live after diagnosis, but rather **how well and how long** they live.
